

PUBLIC NOTICE:
30 DAY NOTICE OF PUBLIC HEARING AND PUBLIC COMMENT PERIOD
PROPOSED AMENDMENTS TO EXISTING CLARK COUNTY AIR QUALITY
REGULATIONS SECTIONS 0 AND 12.2

This public notice initiates a public comment period on proposed amendments of Sections 0 and 12.2 of the Clark County Air Quality Regulations. The public comment period will commence on January 13, 2012 and conclude at 5:00 PM February 13, 2012. Its purpose is to give the public and regulated community an opportunity to review and provide comment and input to the proposed amendments. Written comments will be incorporated into the agenda documents submitted to the Board of County Commissioners as part of the public hearing. The Board will consider these proposed amendments at a public hearing at 10:00 AM March 6, 2012, at the Commission Chambers, Clark County Government Center, 500 S. Grand Central Parkway, Las Vegas.

The rules proposed for amendment address federal permitting requirements for major stationary sources of air pollution that are incorporated by reference into the Clark County Air Quality Regulations. To ensure the rules are current and contain all applicable requirements and exemptions pertaining to greenhouse gas permitting requirements, the reference date for the applicable federal statute is proposed to be revised to July 20, 2011, in certain definitions found in Sections 0 and 12.2.
